

## ABHINAV GUNDALA

Hyderabad, India | +91 9100946581 | agundala@gitam.in

---

### Objective

To secure a dynamic position in the tech industry that allows me to leverage my programming expertise, analytical thinking, and leadership capabilities while playing a key role in driving organizational success and innovation.

---

### Experience

#### AI Variant | Virtual Internship

*Jun 2024 – Mar 2025 (9 months)*

As a data scientist, I applied advanced analytics to solve business problems:

- **Energy Optimization:** Built a regression model to predict energy output, enhancing plant performance.
  - **Claims Prediction:** Developed a model to identify attorney-involved claims, reducing legal costs for insurers.
  - **Resume Classification:** Implemented machine learning models (SVM, Random Forest) to categorize resumes based on job roles, experience levels, and skill sets, optimizing recruitment processes.
  - **Weather Forecasting:** Built and trained a machine learning model using Random Forest Regressor to predict temperature based on atmospheric features like humidity, wind speed, and pressure, utilizing real-world meteorological datasets.
  - Leveraged statistical modeling, predictive analytics, and data visualization to drive strategic decision-making.
- 

### Education

**GITAM University**, B.Tech in Computer Science

*2022 – Present*

Year of Graduation: 2026

**Sri Chaitanya Jr Boys College (SSC)**

2020 – 2022

Percentage: 60%

**Sri Chaitanya High School (CBSE)**

2019 – 2020

Percentage: 71%

---

**Certifications**

- ExcelR Certification in Data Science
  - Participation Certificate: Harnessing Artificial Intelligence for Weather Forecasting
  - Cisco Networking Academy – Data Analytics Essentials
  - Cisco Networking Academy – Python Essentials 1
  - Cisco Networking Academy – Python Essentials 2
- 

**Skills & Abilities****Technical Skills:**

Python | SQL | Machine Learning | Data Visualization | Statistical Analysis | C Programming | Java | MS Excel | MS Word | PowerPoint | Web Scraping

**Soft Skills:**

Communication Skills | Multi-tasking | Management Skills

---

**Hobbies & Interests**

Watching Movies | Playing Sports | Playing Competitive Esports | Exploring Various Fields
